Spectator Information:

Spectator safety is of paramount importance at Schwalbe British 4X Series

Watching a live 4X event is a thrilling experience and there are very few sports where you as a spectator can get this close to the action. British Cycling and the series organisers strive to keep all spectators safe from harm but all spectators are responsible for their own personal safety.

Here are some pointers to help spectators stay safe while watching a live event:

- Be responsible and keep your own safety in mind
- Always follow and obey marshal's instructions - there are there to keep you safe and not to spoil your fun
- Observe and follow all event signs
- Do not cross or enter taped areas
- Stay within the designated spectator areas
- Do not enter any restricted areas. If you are unsure, please ask a marshal
- Keep off the track and always pay attention
- Keep dogs on a lead at all times
- Do not alter, move or disturb any part of the course
- Children to be accompanied at all times
- Never stand on the outside of a corner or berm
- Stand above the track, rather than below
- Do not abuse alcohol or consume any illegal drugs
- Take you litter home
- Expect the unexpected

Remember:

- Riders may run wide on corners
- Riders may take lines close to the tape
- Riders may overshoot jumps and drops
- Riders occasionally over-estimate their ability and things go wrong
- Bikes throw up dirt and stones
- Mechanical issues may force a rider to leave the course
